PROFESSIONAL PROFILE

- As a Family Nurse Practitioner, I provide holistic, patient-centered, and evidence-based primary care and education to patients across the lifespan with varying backgrounds for acute and chronic illness management.
- I am interested in working in an outpatient clinical setting.
- I have recent experience in a variety of adult and pediatric clinical settings under the supervision of a precepting provider.
- I am certified through both the American Nurses Credentialing Center (ANCC) and the American Association of Nurse Practitioners (AANP) and have applied for licensure with the Texas Board of Nursing. I am available for immediate employment upon licensure.

GRANT INVOLVEMENT

Panther Research & Innovation for Scholarly Excellence (PRISE)
The Prenatal Clinic; Bryan, Texas
August 2021 to May 2022

- Screened low-income, primarily Spanish-speaking pregnant patients at risk for severe morbidity and mortality
- Initiated telehealth visits prior to delivery and at 2 weeks postpartum
- Performed virtual bleeding assessments, blood pressure assessments, mood assessments
- Collaboration between Texas A&M University and Prairie View A&M University
- Worked directly with Texas A&M University's School of Public Health

Cancer Prevention & Research Institute of Texas (CPRIT)
Texas A&M Health Science Center; Bryan, Texas
March 2021 to March 2022

- Performed well woman exams, cancer screenings, and health promotion activities for low-income women
- Gathered health history, conducted comprehensive physical assessment, clinical breast exam, pelvic exam with Pap smear
- Cancer screenings included breast cancer, cervical cancer, colorectal cancer, liver cancer, and skin cancer
- Identified appropriate labs and indicated vaccinations
